vitalcare® INFUSION SERVICES of CROWN POINT

Anti-Infective Therapy
in the home

Vital Care of Crown Point offers **home anti-infective therapy** to patients who warrant discharge from the hospital, but require prolonged care.

Anti-infective therapies including antibiotics, antivirals and antifungals are optimal for patients who require long-term anti-infective therapy or those with chronic infections including:

- Abscesses
- Catheter Sepsis
- Cellulitis
- Chronic Urinary Tract Infections
- Cystic Fibrosis
- Endocarditis
- Fungal Infections
- Lyme Disease
- Osteomyelitis
- Pneumonia

For our home anti-infective therapy patients, Vital Care of Crown Point provides

- Quick benefit checks
- Same day delivery of equipment, medication, and supplies
- Patient/caregiver training
- 24 hours, 7 days a week call service
- IV nursing coordination
